Foreword

It is with mixed emotions that we present this Pasiphor to you. Although we anticipate the day when we may take our places in the world and experience joy in having fulfilled the basic requirements of our chosen state of life, we regret leaving this school where we have spent four happy years. This book represents the many hours of work and pleasure that we have known at Sacred Heart High. In its pages are recorded our activities and achievements and we hope that it will be accepted and cherished for the fond memories it recalls. As expressed in the words of our school song -- "Though to a far land our footsteps may wander"--we shall never forget the happy days we lived together . . . . . .

Most Reverend Bishop Edward F. Ryan

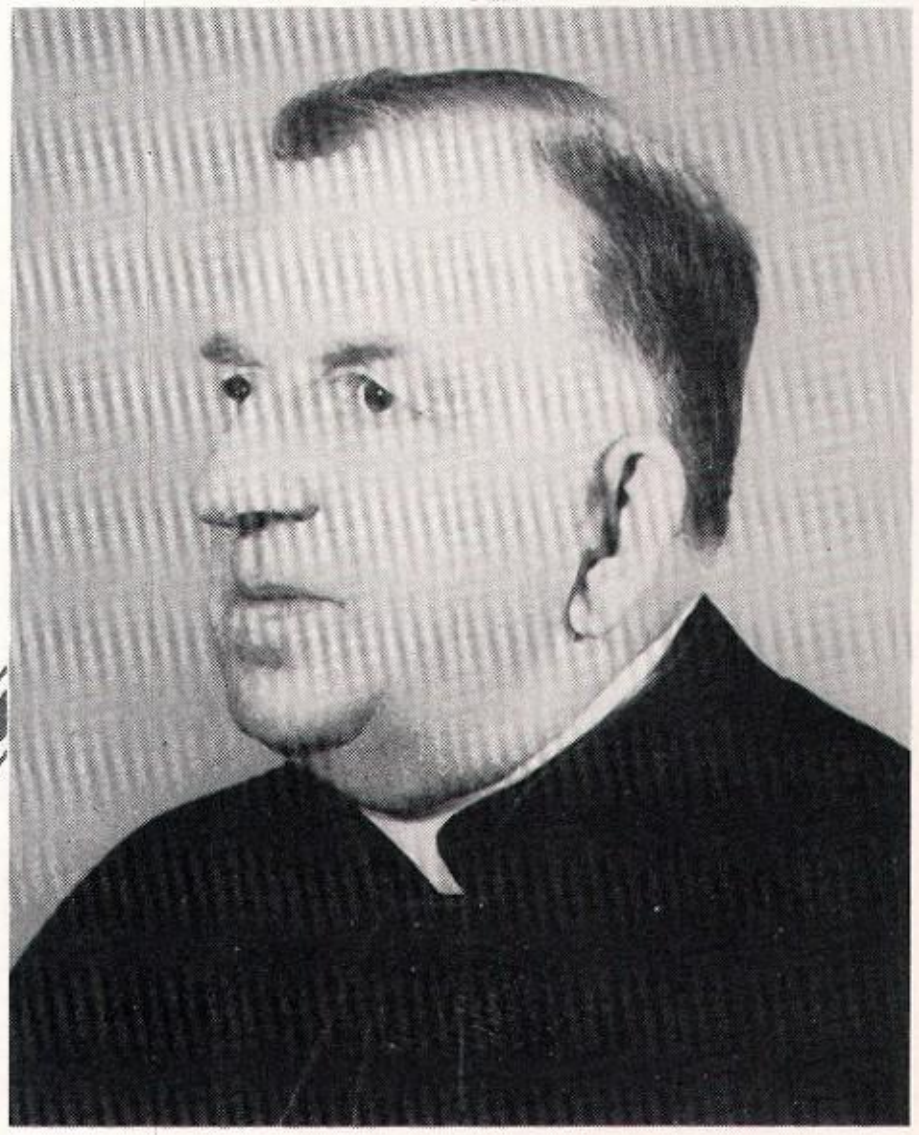
To Our Most Reverend Bishop on the occasion of fifty years of sacerdotal life and his tenth anniversary of devoted service in the Burlington Diocese as its Spiritual Director, we, the class of 1955, express our sincerest gratitude and extend our best wishes for the continued success of his work.

AD MULTOS ANNOS!

Monsignor W. A. Crowley,

Diocesan Superintendent of Schools

In appreciation to Our Beloved Pastor, MONSIGNOR D. CARRIERES, for the counseling and advice he has given us during our four years of high school, and for his unfailing generosity and helpfulness in the building of our school, we voice a heartfelt THANK YOU.



Reverend Mother Gabriel, Superior General

Fifty years of dedicated service to a cause is an impressive record, but when this cause is that of Christ, then the achievement is supreme. We deem it a privilege, Reverend Mother, to be permitted to congratulate you on the occasion of your Golden Jubilee. May God grant you many more days of happiness in the peace of His Sacred Heart.

Reverend Mother Mechtilde, Provincial

Mother Provincial did not remain long in our midst but left us to serve in a greater capacity as Superior Provincial of the Colebrook province. It has always been a joy for us, her children, to see her again, whenever she visited our school. We pray the Sacred Heart grant her many more years of fruitful labor in His vineyard.

A Tribute To Sister Isabella, Superior

To you, Sister Superior, we owe more than we can ever repay. It was especially due to your astuteness that our beloved high school has become a reality.

Thank you for your countless hours of thoughtful planning. Thank you for helping to make this school the boast and pride of Sacred Heart students and friends. We pray that God may grant you the blessings of His Sacred Heart.

Sister Bernadette, Our Principal

We, the Seniors of Sacred Heart High School, upon reviewing the events of the past four years, pause to reflect on all that we owe you, Sister Bernadette, our principal. You have always been so interested in our activities and encouraging in our undertakings. The years spent under your guidance will always be cherished. We, in return, will try to live up to your expectations and become more Christlike as the days go by.

Sister Saint Gerard Magella

To the great pioneer and foundress, who, in spite of countless hardships and sacrifices, is the sole survivor of 50 years of unselfish devotion to those about her; as well as to the undaunted spirit of the heroic co-founders and the unrelenting courage of the laborers of the subsequent years, we, the class of '55, gratefully dedicate this yearbook.

We hail Sacred Heart Schools as standing symbols and memorials of their unwavering courage and true devotion.

1905-1955

This year Sacred Heart celebrates its GOLDEN JUBILEE of foundation; fifty full years which represent a Catholic education for countless boys and girls.

None of this would have been possible if four courageous Sisters had not left their homeland to come to a strange country where they knew no one. They could speak very little English; however, they were willing to attempt the establishment of a school where children might be educated in the Catholic faith. They arrived on October 23, 1905. Less than a month later, the first Catholic school was opened. It was located on Pleasant St. where the K. of C. is presently situated. There were only three classrooms but these three covered eight grades and accommodated about eighty boys and girls. Sr. Aline de St. Laurent, Superior, Sr. St. Edgar and Sr. Fernand du Sacre Coeur were the teachers, aided by Sr. St. Gerard who assumed other duties as well. The Sisters found it necessary to request services of two lay teachers, Miss Plouffe and Mrs. Labounty, to help in the teaching of English. By this time, other valiant souls had come to help in the good work. Among them were Bonne Mere Alexandrine, Sr. Elie du Carmel and many others.

In 1909, the Sisters decided to take in girl boarders. The first year, however, they numbered very few. The living quarters were, by this time getting too small for the number of pupils, and the Sisters were faced with the new problem of finding a larger locale. Finally, through arrangements with Father Clermont, the Pastor, they were able to buy the parish hall which was situated where the convent is actually. Since it consisted of only a very large room, partitions had to be made and a second story added. The renovations of the hall completed, the Sisters were able to occupy the new school and convent, on Dec. 18, 1910. It was only five years since they had first arrived and already much had been accomplished. In 1914, the first eighth grade graduation took place. In the fall of the same year, a Commercial Course was started under the direction of Sr. Marie de Bon Secours.

In 1919, new classrooms, dormitory, chapel were added to the original building. The years that followed were doubtlessly spent in careful planning for a high school that might be opened under the name of Sacred Heart High School. This was finally accomplished in Sept. of 1940, when the first students attended classes in the small rooms allotted them.

Everyone knows that to achieve great things, one must start at the beginning and slowly work upward. That is what Sr. Mary of the Assumption and her small staff of teachers did. In June, 1944, the first class of students graduated from the newly instituted high school. The number of students continued to increase and the rooms did not become larger, so the Sisters decided to add two new classrooms. This was completed in the summer of 1947.

It became obvious that a permanent building would someday be needed to accommodate the ever increasing number of students registering at Sacred Heart. Plans were made and many activities were started to raise money. As the site for the new school was to be the pine grove, this ground had to be leveled. The Sisters, especially, Sr. Isabella, Superior, through their perseverance, sacrifices and primarily because of their constant, unfailing devotion and zealous faith in the Sacred Heart finally saw their project finished. Not only did they build a new school but one that Sacred Heart friends and students could boast about and be proud of as one of the best in the state.

The Daughters of Charity of the Sacred Heart have gone far and have done much since that day fifty years ago when they arrived to start the first small school. Their progress has not been limited to Newport as many people know. They have also established numerous houses in Canada as well as throughout the states.

We, the class of 1955, hail the valiant spirit of the foundresses as well as the courage and self-sacrifice of those who followed them. We hope to live up always to the truths which they have, or are, letting forth in their inspiring lives. . . .

At Sacred Heart High School

We enjoyed many happy times together . . . . .

Fill us with loyalty
So we shall your name proclaim,
Happy we, strong and free,
Though to a far land our footsteps may wander . . . . .
Take, take our fealty,
ALMA MATER is your name:
Evermore, rich or poor, your praises shall we acclaim.
ALMA MATER, HAIL! HAIL!
